

Junior Motion Designer and Animator- Africell

Africell is a leading mobile network operator in Africa

Location: Beirut, Downtown

Working Days and Hours: Monday until Friday; From 9:00 a.m. until 5:00 p.m.

Major: degree in Multimedia 2D/3D, Computer Graphics and Interactive Media, or any related field

Experience: 2-4 years of experience in motion design and animation

Main Responsibilities:

- Collaborate with the design team to develop visually compelling motion graphics and animations.
- Create animations for video content, social media campaigns, websites, TV, various screens, and media platforms.
- Assist in the post-production of video content by including lower thirds, titles, visual effects, transitions, and ensure a seamless integration of motion graphics and elements.
- Translate ideas and concepts by creating mood boards and storyboards for animation projects and ensure that all animations align with brand guidelines and project requirements.
- Stay up-to-date with industry trends, tools, and software to continuously improve skills and enhance visual storytelling.
- Participate in brainstorming sessions and contribute creative ideas.

Additional Requirements:

- A portfolio showcasing previous motion design and animation work.
- Proficiency in animation and design software such as Adobe After Effects, Illustrator, Photoshop, and Premiere Pro.
- Knowledge of 3D animation software such as Cinema 4D or Blender is a plus.
- Strong understanding of animation and design principles, typography, colour theory, and composition.
