ACADEMIC INTEGRITY POLICY

1. INTRODUCTION

As a community committed to intellectual endeavors, the University of Balamand recognizes honesty as the foundation of the academic activities of its faculty members and students. UOB strives to provide students with the knowledge, skills, and judgment they need to function in society as educated adults. Falsifying or fabricating the results of one's research, presenting the words, ideas, data, or work of another as one's own, or cheating on an examination corrupts the essential process of higher education.

2. GUIDELINES FOR ACADEMIC INTEGRITY

Students assume full responsibility for the content and integrity of the coursework they submit. The following are guidelines to assist students in observing academic integrity:

- Students must do their own work and submit only their own work on examinations, reports, and projects, unless otherwise asked by the instructor. Students are urged to contact their instructor about appropriate citation guidelines.
- Students may benefit from working in groups. They may collaborate or cooperate with other students on graded assignments or examinations if instructed to do so by the instructor.
- Students must follow all written and/or verbal instructions given by instructors prior to taking examinations, placement assessments, tests, quizzes, and evaluations.
- Students are responsible for adhering to course requirements as specified by the instructor in the course syllabus.

3. FORMS OF ACADEMIC DISHONESTY

Academic dishonesty includes, but is not necessarily limited to, the following:

- a. Plagiarism is intentionally or carelessly passing off another person's work as one's own. It is taking and using information, ideas, opinions, theories or another person's actual words or source without acknowledging the source, thereby creating the impression that the work is one's own.

Plagiarism can occur in the following ways:

- i. Using text from another source (e. g. books, journals, newspapers, web sites, etc.) without documenting the source
 - ii. Using direct quotation (the exact words or verbatim) from a text without quotation marks, even if the source has been cited correctly
 - iii. Paraphrasing or summarizing the ideas or text of another work without documenting the source
 - iv. Substituting a word or phrase for the original while maintaining the original sentence structure or intent of the passage with or without citing the source
 - v. Using graphics, visual imagery, video or audio material without permission of the author (or publisher) or acknowledgment of the source
 - vi. Translating text from one language to another without citing the original work
 - vii. Obtaining packaged information, foreign language translation or a completed paper from an on-line source and submitting it as one's own work without acknowledgment of the source
 - viii. Presenting the work of another as one's own.
- b. Cheating is giving or receiving, or attempting to give or receive any unauthorized aid during an examination to improve a grade or obtain course credit. Cheating is not limited to examination situations alone, but arises whenever students attempt to gain an unearned academic advantage.
 - c. Duplicate Use of Written Work is the submission of the same paper, or substantially similar papers for two different courses without the consent of the instructors.

4. PENALTIES FOR ACADEMIC DISHONESTY

- 4.1. If a student is found guilty of violating academic integrity policies, any one or a combination of the following penalties may be imposed:
 - Failure of the assignment, project, or examination on which the student was found to be academically dishonest.
 - Failure of the course in consultation with the Dean. Such offense will be documented in the student's record to note repeat offenders.
- 4.2. Any case of cheating will automatically result in a grade of zero on the assignment in question. Repeat offenders must be administratively dropped from the course, with a grade of 40, and referred to the University Disciplinary Committee which will consider suspension or expulsion from the university.
- 4.3. The Faculty Dean may also raise the case to the University Disciplinary Committee where the latter may issue the following disciplinary sanctions after a hearing, in accordance with the Academic Integrity and Copyright Policies:
 - Placement on Academic Probation
 - Suspension from the University for a definite period of time ranging from a semester to a full academic year
 - Dismissal from the University.

5. ENCOURAGING RESPONSIBLE WORK

Faculty members should encourage students to do responsible work. This is best accomplished by designing assignments, which require students to draw on their personal skills and do their own work. Lists of possible assignments duplicated/little changed from year to year should be avoided.

6. PLAGIARISM STATEMENT FOR SYLLABUS

Faculty members are requested to include a statement on plagiarism in the syllabus of each course and make reference to the UOB Policy on Academic Integrity and Copyright.

ACADEMIC COPYRIGHT POLICY

1. DEFINITIONS

According to the Oxford English Dictionary, copyright is “the exclusive right given by law for a certain term of years to an author, composer, designer, etc. (or his assignee), to print, publish, and sell copies of his original work.”

The Lebanese Copyright Law endorsed on April 3, 1999, and entered into force on June 6, 1999 “has now extended to computer software, video films and all kinds of audio-visual works. The law now provides stiffer penalties for offenders and better compensation to the persons whose rights have been infringed. The manner in which the copyright is breached has also been extended.” (as stated on the website of the Ministry of Economy and Trade).

The Lebanese Copyright Law makes it illegal to import, make, distribute, sell, or rent copies of copyrighted materials without authorization from the owner. No copies except one backup copy are allowed without the specific authorization of the copyright owner.

2. FAIR USE:

“Fair use,” a concept embedded in the law, recognizes that certain uses of copyright-protected works do not require permission from the copyright holder or its agent. These include instances of minimal use that do not interfere with the copyright holder's exclusive rights to reproduce and reuse the work.

The Lebanese law does allow the practice of “fair use,” a legal concept that allows the reproduction of copyrighted material for certain purposes without obtaining permission and without paying a fee or royalty. Purposes permitting the application of “fair use” generally include reviewing, news reporting, teaching, and scholarly research.

Chapter VI of the Lebanese Copyright Law (Exceptions) Item 25 & 26 on the Protection of Literary and Artistic Property (No. 75 of April 3, 1999) states that

25. “... It shall also be permitted, without the authorization of the author and without obligation to pay him compensation, to use a limited part of any legally published work for purposes of criticism, argumentation or citation or for an educational purpose, provided that the part used does not exceed what is necessary and customary. **However, the name of the author and the source shall always be indicated, if the name of the author is included in the work.**

26. It shall be permitted, without the authorization of the author and without obligation to pay him compensation, to copy or reproduce articles published in newspapers and magazines or short excerpts of a work, provided that it is done solely for educational purposes and within the necessary limits of such purpose. **If the names of the author(s) and the publisher appear on the original work, they shall be mentioned in each and every use of the copy of the article or work.”**

3. WHAT CAN BE PHOTOCOPIED?

A single photocopy of a portion of a copyright-protected work, such as:

1. A maximum of three (3) chapters from a book (never the entire book);
2. An article from a periodical or newspaper;
3. A short story, essay, or poem. One work is the norm whether it comes from an individual work or an anthology;
4. A chart, graph, diagram, drawing, cartoon or picture from a book, periodical, or newspaper.

However, in all cases, the name of the author and the source should always be indicated.

4. WHAT SHOULD BE AVOIDED?

1. Making multiple copies of different works that could substitute for the purchase of books, publisher’s reprints, or periodicals;
2. Copying the same works from semester to semester;
3. Copying the same material for several different courses at the same or different institutions.

5. WHEN IS PERMISSION REQUIRED?

1. When the material is used for commercial purposes
2. When the material is used repeatedly
3. When a work longer than 2,500 words is used in its entirety

6. WHAT ARE THE PENALTIES?

The University of Balamand does not condone nor tolerate the unauthorized copying of licensed material by staff, faculty, or students. The University shall adhere to its contractual responsibilities and shall comply with all copyright laws, and expects all members of the University community to do so as well.

Members of the University community who violate this policy may be subject to discipline through standard University procedures. It falls on the Dean and faculty members to report such cases. Subject to the facts and circumstances of each case, such individuals shall be solely responsible for their defense and any resulting liability.

7. FOR FURTHER INFO:

Complete version of the Law on the Protection of Literary and Artistic Property (No. 75 of April 3, 1999) can be found at the following website:

DISCIPLINARY PROBATION

Illegal actions and misconduct such as cheating on tests, plagiarism, and disrupting classes and examinations are subject to disciplinary action. A student placed on disciplinary probation is not eligible to receive financial aid during the period of probation. Upon recommendation of the Faculty in which the student is enrolled, the student may be removed from disciplinary probation after one semester. In cases of severe or repeated infractions of University regulations, a student will be subject to suspension or dismissal from the University.

If the student completed 25% of the semester, only 25% of the Financial Aid support will be received and the remaining amount will be cancelled and need to be paid by the student.

The University reserves the right to reduce the Financial Aid if the sponsor anticipated funding is not received.

according to approved budget by the University Administration, this percentage may vary between 10% - 20% coverage of the tuition fees taking into consideration that no student is allowed more than 70% of total financial support. It is also important to mention that failed and repeated courses during the semester are not covered by the scholarship. Dependents of current Faculty and Staff are not entitled for this scholarship.

The work type and place will be assigned to the student by the Office of Financial Aid, and sent to the Office of Student Affairs (OSA) for a monthly follow up on the work done. The latter informs the Office of Financial Aid of any breach of the contract signed by the student.

The “Rules and Regulations” section of this Catalogue contains detailed information regarding the academic regulations of the University.

B. CATEGORIES OF STUDENTS

Students will be classified according to the following categories:

Category	Year	Number of credits earned or Status
Regular	Preparatory	Special Orientation Program students
	Freshman	See «Academic Support Facilities», «Freshman Program» section
	Sophomore	Students who have earned less than 27 credits.
	Junior	Students who have earned between 27 and 56 credits.
	Senior	Students who have earned 56 credits or more.

Special	Part-Time	See below
Continuing Education Program (CEP)	Non-degree option	See «Academic Support Facilities», «Continuing Education Program»
	Non-credit option	See «Academic Support Facilities», «Continuing Education Program» section

Classification in a given class does not necessarily imply that the requirements of the previous class have been completed. A student requesting a certificate stating that he/she has completed a given class must have completed all of the requirements for that class.

Special Students:

Part-time students may be classified in two categories:

- 1- Full-time students who, under pressing circumstances, cannot take the required full-load. Such students may register for fewer than 12 credits after getting the approval of the Dean and the Advisor of the Faculty and department concerned.
- 2- Persons interested in rejoining the University after a lapse of time. The requirements to join this program are the Lebanese Baccalaureate or its equivalent and the placement test in the corresponding languages. Interested candidates must also have an interview with the Dean of Admissions and Registration and a representative of the department concerned.

The academic rules and regulations for special students are the same as for full-time students.

The Office of Admissions and Registration receives and processes applications of regular and special students and the CEP office handles the applications of its students.

C. CORRECT USE OF THE LANGUAGE

Good command of the language of instruction is a basic requirement for graduation. Grades on papers (theses, term papers, essays, or examinations) and oral presentations will take into account language proficiency.

D. GRADING SYSTEM

1. All final course grades are expressed in numbers ranging from 40 to 100.
2. The Dean of the Faculty concerned must approve transferable courses from other institutions.
3. The grading system is as follows:

E. INCOMPLETE GRADES AND MAKE-UP EXAMINATIONS

1. Course work must be completed by the date on which the semester ends. In exceptional cases, and with the approval of the instructor, the chairman of the department, and the Dean, a student may be allowed to make up incomplete work before the end of the Drop/Add period of the next semester.
2. The time and date of make-up tests within the period specified in (1) above will be set by the faculty concerned with due consideration for the student's schedule.
3. Failure to complete the requirements for incomplete courses within the periods specified above will result in a grade of zero for the missing work with the course grade computed accordingly. Failure to make-up a missing final examination will result in a final grade of 40 on the course.

F. POLICY FOR FAILING GRADES

- In general, a failing grade for any undergraduate course can be no less than 55.
- A grade of 40 will be given to an undergraduate course in the following 2 cases:

1- If the student has a WF final grade. Once the number of missed sessions exceeds 1/6 of the course sessions, the instructor or the Dean notifies the student in writing and copies the registrar indicating that it is the student's responsibility to officially withdraw from the course before the end of the drop period; otherwise, the student will earn a WF as a final grade for the course which will be converted to a numerical grade of 40 for undergraduate courses, in computing the student's average.

2- Failure to complete the requirement to remove an incomplete grade or "I" within the period specified by the Registrar.

In addition, failure to take a make-up exam for a missing final will result in a final grade of 40 for undergraduate courses.

F. ATTENDANCE AT AND WITHDRAWAL FROM COURSES

1. CLASS ATTENDANCE

1. Students are expected to attend all classes and laboratory sessions.
2. Absence, whether excused or not, from any class or laboratory session does not excuse students from their responsibility for the work done or for any announcements made during their absence.
3. A student who is near missing one-sixth of the course sessions will be receiving a written warning from the instructor. Once the number of missed sessions reaches one-sixth of the course sessions, the instructor notifies the student in writing and copies the Registrar that it is the student's responsibility to officially withdraw from the course before the end of the drop period, otherwise he will earn a WF as a final grade for the course.

If the number of missed sessions accumulates to more than one-sixth after the drop deadline, the student will receive as well a grade of WF.

A WF grade is counted as a numerical grade of 40 for the course in computing the student's averages.

2. WITHDRAWAL FROM COURSES

1. Students are permitted to withdraw from courses not later than 10 weeks after the start of the semester (four weeks in the case of the summer session).
2. Students withdrawing from a course will receive a grade of "W" for this course. A "W" grade and the corresponding course credits are not included in computing the semester or the cumulative average.
3. The student's academic advisor must approve all withdrawals. Withdrawing from an entire semester requires the approval of the Dean of the Faculty.

4. If a student withdraws or is dropped (for any reason) from one course or more resulting in a credit load below 12 credits, the case will be reviewed by the Dean of the Faculty who will determine:
 - * The eligibility of the student to continue the semester
 - * The withdrawal of the student from that semester
 - * The dismissal of the student from the Faculty

G. REPEATING COURSES

1. A student may repeat a course only once to achieve its required grade; a W or a WF (40) on a transcript is counted, for this purpose, as a grade.
2. Students may not repeat a course in which they have already achieved a grade of 70 unless the department rules require a higher score.
3. A student repeating a course more than once must seek the approval of the Dean.

H. SCHOLASTIC STANDING

1. DEAN'S HONOR LIST

To be placed on the Dean's Honor List at the end of a given Fall or Spring semester, a student must:

- . Be registered for at least 12 undergraduate credits (Graded numerically),
- . Not be on Probation,
- . Have a semester average of at least 85 or be ranked in the top 10 percent of the class and have a semester average of at least 80,
- . Have no failing, withdrawals, repeated, or incomplete grades,
- . Have no disciplinary action in his/her record,
- . Be deemed worthy by the Dean to be placed on the Honor List.

2. EVALUATION OF ACADEMIC PERFORMANCE

The evaluation of the academic performance of a student begins when a regular student has reached at least the level of ENGL 101 or FREN 003 and has registered for a minimum of 6 of the required credits from his/her plan of study.

Students transferring from another institution of higher education or from another department at UOB receive a written statement from their new department showing their academic status in conformity with the faculty and department rules.

2.1. Academic Probation

If a student enters the University with a conditional acceptance, the conditions for its removal must be fulfilled by the end of the first semester. Starting from the second semester, a student must maintain a cumulative average of 70 or above. Failure to do so by the end of a semester places the student under academic probation. Under such circumstances, the student may be required to take a lighter credit load, which may result in a delay in graduation.

Such students will not be allowed to take more than 12 new credits in the semester during which they are on probation and will also be required to retake the courses they had failed the next time they are offered. Such students will be encouraged by their advisor to take courses in the Summer Semester.

2.2. Removal of Probation

A student placed on probation has to achieve a cumulative average of 70 or above in the next semester in order to remove the probation.

2.3. Continued Probation

Students who are on probation and who fail to achieve a cumulative average of 70 in the next semester will be placed on continued probation if their semester average is 70 or higher.

2.4. Strict Probation

A student placed on probation and who fails to achieve a semester average and a cumulative average of at least 70 or placed on continuing probation and who fails to remove it, is placed on strict probation for one semester under the following conditions:

1. The student is allowed to register for a maximum of 12 credits.
2. The student registers only for courses in which the grade earned was less than 70. To remove the strict Probation the student must:
 1. Not fail any course.
 2. Obtain a cumulative average of 70 or above.

2.5. Dropping from the Department

Students will be dropped from the Department for any of the following reasons (other than those mentioned in paragraph 2.1 above) if:

- a. They are subject to probation for a third time.
- b. They are on Strict Probation and are not able to remove the probation by the end of the next semester.

DISMISSAL FROM THE UNIVERSITY

Students dropped from a Department have one semester as a majorless student to meet the transfer requirements to other Departments. If, at the end of the semester, they fail to meet these requirements, they will be dropped from the University.

READMISSION TO THE UNIVERSITY

When a student is dismissed, the implication is that the student is not qualified to continue at the University. Consideration for readmission is given for one of the following reasons:

- a. If the student was not able to do work efficiently because of health reasons. In such cases, the University is to be notified promptly by the student and will require a medical report from the University Physician. The report is to be presented to the Dean's Office within 30 days after the student is dismissed.
- b. If, after spending a minimum of one year at another recognized institution of higher education, a satisfactory record is achieved (a general average of at least 70 that includes courses relevant to the major), the student may seek readmission to the University.

I. SUMMER SESSION

The summer session extends over eight weeks of teaching. The maximum academic load during the summer session is 10 credits (7 credits for students on probation).

The courses offered during the summer session are identical in scope and content with those offered during the regular academic year. A summer session in which the student is registered for at least 6 credits is considered as a regular semester.
