

# Chinhak Chun

---

MD  
Consultant  
Joint Commission Resources

## Background

---

- Specializes in infection control and quality management
- Speaks fluent Korean and English

Dr. Chinhak Chun currently leads multiple quality and patient safety improvement programs, patient experience assurance, prevention and control of healthcare-associated infections, sharps injury prevention, accreditation preparation, and antibiotic stewardship programs among others.

Dr. Chun has served as president of the medical staff, chair of departments of medicine, infection control committees, pharmacy and therapeutics committees. He has been a physician champion in patient-centered care, patient experience, and LEAN projects.

Dr. Chun has published two white papers for Joint Commission Resources and Joint Commission International: *Overview of Fungal Infections and the Need for Antifungal Stewardship: A Practical Guide to Implementation*; and *Medical Suction and Fluid Waste Management: Patient and Workplace Safety Considerations for Health Care Organizations*.
